pess very good for the season, and deposit do not fall off as rapidly as they might be expected to do at this season. Collection generally are reported to be very fair, and though the tendency of money is towards a close market, as yet an real complaints are made about want of accommodation though, as we said yesterday, there has been a disposition to hold over for a fev days until the New York market ease up. Exchange is offered in very limited amounts and as a consequence some our banks make shipments of currency to meet their bills; but at least one discour house had a sufficient balance in Nev York to preclude the necessity of sending currency forward up to this date; but that balance is rapidly diminishing, and they too, will soon be compelled to resort t hipments. Rates of Exchange are steady City Sorlp appears to be some weakerthat is, there is no disposition to buy, and

some desire to sell, though we make no change in our quotations. County Warrants are decidedly weaker Dealers were very anxious to sell during the day at 73c, but found no buyers. We do not know the reason of the decline, but suppose that the apprehension of a libera use of Warrants during the present politi eal campaign has something to do with it

important Fact.—We see that persons of strong constitutions, and young, suffer for days with pains of the limbs, loss of appetite and fever, who suddenly get well after a cholic followed by slimy, billious stools. The relief produced by these evacuations were the original guide to the idea and practice of purgation, and which, when enforced by Brandeth's Pills, always benefits, usually cures, and often prevents disease, especially Scarlet Fever and diseases of similar character.

I. I., Cook, publisher of the "State Banner," Bennington, Vt., says Brandeth's Pills cured him of Dyspepsia, after being afflicted with it over five years. His friends and doctors considered his recovery impossible; but six boxes of Brandeth's Pills restored his health perfectly. boxes of Brandell's Pills restored his health perfectly.

A young lady of Mount Pleasant was sorely troubled with Tape-worm. All advice and medicine failed to help her. She had no rest. Thin, careworn and unhappy, she looked the pleture of misery. At last she concluded to try Brandeth's Pills. In one year she took seventy-two boxes. They brought away, according to her computation over two hundred yards of tape-worm. At length all her bad symptoms left her; she slept and ate naturally, and her health became fully restored. continent. PILES.

WICCS

FOR THE CURE OF EVERY FORM

Hemorrhoids or Piles.

W HETHER OF LONG STANDING OR RE-

No internal adjuvants being required in any case, only to regulate the bowels, if constipated, or in Diarrhea or Dysentery.

The PHLES, while astonishingly prevalent in their various forms amongst all classes of both sexes, are, at the same time, the most distressing, frequently dangerous, and hitherto most difficult of cure.

Persons who suffer any length of time with the Piles generally try everything they can learn of purporting to cure the disease, yet realize no permanent advantage therefrom. They have been told professionally, perhaps, there was "no permanent cure for Piles," and consequently have despaired of any future cessation from pain and suffering.

To all such a SPECIFIC is offered for their relief. The

BUCKEYE SALVE

Is a strictly scientific combination of well known remedial agents, and the proprietors have no hesitation in saying the BUCKEYE SALVE is the

ONLY INFALLIBLE SPECIFIC Ever discovered for that disease, and which cares by outward application only, and that in time to come, as in the past, it will stand the lest of trial without a failure, to perform all the proprietors claim for it, if the directions are attended to.

A large number of gentlemen throughout the country of high character and influence have voluntarily attested to its effects in their own cases, not from hearsay, and whose certificates may be seen by reference to the publications. mblications.

The proprietors will forward to any address me bottle, postpaid, on receipt of the retail price, One Dollar per bottle.

A BALDING'S DOUBLE ACTING SUBMERGED

PATENTED AUGUST 8, 1865.

M ANY thousand of them have been tested during the past four years, and hav proved a perfect success, as thousands of extilicates could be produced; but I deem it un necessary, as the Pump will show for itsels and prove all its qualifies on examination.

It is a Pump which is ultimately destines to supercede all other Pump's now in use, for the simple fact—first, the cylinder is made of soild flint glass, and it undoubtedly will have one hundred years, and still be good as ever. Second, it will never give any had taste to the water, or rust it. Third, it will never wear out, so as to put the working part out of order. Fourth, the Plunger working in glass, it will list as long as five in iron or wood. Fifth, the valves are made of glass, and are so placed that it is impossible for them to get out of order. Sixth, the conducting pipe is manufactured of wrought from, galvanized inside and out, making it perfectly free from rust. Seventh, no water stands in the pipe to get warm in summer or freeze in winter, and it requires no priming to start it. Eighth, it is the best hand fire engine ever invented. It will force the water from any common well or elstern to the top of the highest dwelling, at the rate of twenty galloms per minuse. Ninth, its whole construction is so simple and complete that renders it less liable to get and of order than any pump yet invented, and makes it the cheapess on the continent. When all its qualities are fully understood none will be without it. It will cave the continent. When all its qualities are fully understood none will be without it. It will save its cost in assurance and many times save valuable property.
